

BIBLE NUMBERS IN THE GREAT PYRAMID OF GIZA

THE KING'S CHAMBER

SUMMARY

In prophetic terms, the King's Chamber is symbolic of the Millennium.

In doctrinal terms, the King's Chamber speaks of the sufficiency of the Blood of Christ to provide three things for believers: peace with God, redemption of the body, and forgiveness of sins. These principles will be illustrated in the Millennium Kingdom when:

- The lion will lay down with the lamb - the world will be at peace
- There will be renewal of all living things – people will live to a much older age
- There will be temple worship in Jerusalem – the sins of the Jews will be forgiven

The King's Chamber has a Coffin, a red granite rectangular stone with a compartment cut out. The Coffin is symbolic of the work of Christ at his first coming (interior dimensions), and is also symbolic of the world wide victory of Christ at his second coming (exterior dimensions) at the end of the Great Tribulation.

LENGTH OF THE ROYAL CUBIT

For the purpose of all pyramid dimensions, the Royal Cubit (RC) is taken to be 20.6066 Pyramid Inches (P").¹ A Pyramid Inch is equal to 1.0011 British Inches². The Royal Cubit is not a whole number because its calibration is based on the square root of π and the number of days in a year, which has a trailing decimal.³ This assumption of the length of a Royal Cubit is critical to determining Pyramid dimensions for purposes of interpreting spiritual numbers. The fact the dimensions of the King's Chamber (see below) are WHOLE numbers using the proposed definition of the length of the Royal Cubit lends credence to that assumption.

¹ Multiplying 20.6066 by 1.0011 this equals 20.6293 British Inches (B") which compares well to Sir Isaac Newton's figure of 20.63 B", and Professor Petrie's estimate of 20.634 B".

² According to the New Imperial Standard 1855. In 1959 the British inch was recalibrated to match 2.54 cm exactly.

³ Specifically, there were 365.242822 days for the duration of a Winter Solstice in 2560 BC. Rounding this to 365.243 and multiplying by 100 we get 36,524.3 Pyramid Inches in the base perimeter of the Great Pyramid, or 9,131.075 P" per base side. Dividing this number by 443.113627 we get the Royal Cubit equals 20.6066 P". The number 443.113267 is the length of the short side of the triangle of with hypotenuse 1000 which has acute angle equal to the rate of rise in the Ascending Chamber (26°18'9.73"). 443.113267 is equal to 250 x Square Root of π . THE KING'S CHAMBER

The dimensions are:

Length (L) = 412.21 P" = **20.00** RC

Width (W) = 206.07 P" = **10.00** RC

Height (H) = 230.40 P" = 11.18 RC

Short Wall Diagonal⁴ (D1) = 309.11 P" = **15.00** RC

Opposite Corner Diagonal⁵ (D2) = 515.23 P" = **25.00** RC

A Pythagorean triangle (relative lengths 3-4-5) is formed by D1, L, and D2 (15-20-25).

Summing the cubes of those three dimensions:

NUMERICAL VALUE⁶ of King's Chamber = $15^3 + 20^3 + 25^3 = 30^3 = 27 \times 1,000$ **** Amazing! ****

The King's Chamber has a ceiling made of immense 70 ton blocks of red granite. The blocks run North to South. There are seven equally spaced blocks in the center of the ceiling, plus two half blocks at each end. There are eight blocks of total area, but nine distinct blocks appear.

The King's Chamber has four walls, and each wall has five rows of blocks from floor to ceiling. The number of stones appearing on the North wall is 27, the South wall is 37, the East wall is 18 and the West wall is 18 for a total of 100 stones appearing.

SPIRITUAL MEANING OF THE KING'S CHAMBER

Key spiritual numbers of the King's Chamber and their meanings:⁷

10	=	Law
15	=	Peace
20	=	Redemption
25	=	Forgiveness of Sins
30	=	Blood

⁴ From bottom corner to top corner of the short wall.

⁵ From a bottom corner of the room to the top farthest corner on the opposite wall.

⁶ The numerical Value of a room is the sum of the cubes of the dimensions of the largest triangle that fits in it.

27 = Holy Truth

Spiritual meaning of the King's Chamber:

1. **The Law (10) is weak (a floor dimension), it cannot accomplish the work of salvation.**
2. **Peace (15), Redemption (20), and Forgiveness of Sins (25) come by the Blood (30)**
3. **This is the Holy Truth of God (27)**

SYMBOLISM OF STONE FACES IN KING'S CHAMBER

During the Millennium there will be another satellite orbiting the Earth, a huge cube containing the mansions occupied by the raptured saints from the Age of Grace (i.e. those saved prior to the Great Tribulation).

“He measured the city with the rod and found it to be 12,000 stadia in length, and was as high and wide as it is long...the nations will walk by its light...there will be no night there.” (Rev 21:16,24,25).

The Holy City, the New Jerusalem will be visible to those who live on Earth during the Millennium. This is why the numbers 8 and 9 appear in the ceiling of the King's Chamber. The number **8** (total stone area) stands for **NEW LIFE** and **HOLY MAN**. The number **9** (total stone faces appearing) means **SPIRIT**. Those who have experienced rebirth by the Holy Spirit will dwell in the New Jerusalem.

The **100** stones in the walls of the King's Chamber stand for the **NATIONS** of the Earth who will come to Jerusalem to **PRAISE** the Lord in the Millennium. At the end of the Great Tribulation there will be a judgement of the nations and they will be divided as a shepherd divides the sheep and the goats. The sheep nations will enter into the Millennium.

“Shout for joy all the earth. Serve the Lord with gladness. We are His people, the sheep of His pasture. Enter His gates with thanksgiving and His courts with praise.” (Psalm **100**)

The five levels of stones on each wall points to the **GRACE** of God. The nations who enter the Tribulation enter into the goodness and richness of God's provision on Earth.

THE KING'S COFFER

Inside the King's Chamber was found the King's Coffer, a **moveable** rectangular stone made of rare **red** granite with a hollowed out rectangular compartment inside. There was no lid found, but the King's Coffer has grooves for a lid.

INTERIOR DIMENSIONS:

The ratio of the NV of King's Chamber to NV of Interior of Coffe = 67.7, or round to **68**.¹¹

⁸ NV is equal to the sum of the cubes of the three dimensions of the longest right angle triangle in the room.

⁹ The exterior of the King's Coffe is very roughly cut. There are saw marks and the surface is uneven.

SPIRITUAL MEANING OF THE INTERIOR OF KING'S COFFER

The spiritual numbers connected to the INTERIOR of the King's Coffer: **** Wow! ****

8	=	NEW MAN / HOLY MAN¹²
14	=	SALVATION / DELIVERANCE¹³
17	=	VICTORY¹⁴
19	=	FAITH¹⁵
27	=	HOLY TRUTH¹⁶
61	=	MESSIAH¹⁷
71	=	PROPHET¹⁸
72	=	EVANGELIST¹⁹
78	=	HEALING²⁰
81	=	GOD'S HOLY TRUTH²¹
141	=	GOD'S SELF – ABASEMENT²²
145	=	COMPASSION²³

The interior of the King's Coffer is a glorious picture of Jesus Christ, the **MESSIAH (61)** who left heaven's glory, and took the form of a man and became obedient to death even death on a cross. The memorial to this magnanimous act of **GOD'S SELF-ABASEMENT (141)** will be perpetual to all generations. His death on the cross brought us **SALVATION (14)**, **VICTORY (17)** over sin, which we appropriate by **FAITH (19)**. The hallmark of Jesus' life was his limitless **COMPASSION (145)**. He was always willing to **HEAL (78)** wherever He saw faith. Jesus was the

incarnate version of **GOD'S HOLY TRUTH (81)**, every word He spoke was an utterance from the mouth of God. In fact, His name is the Word of God. In the apostle John's words:

"The Word became flesh and lived for a while among us. We have seen His glory, the glory of the one and only Son, who came from the Father full of grace and truth." (1:14)

The King's Coffin without a lid is also symbolic of the Open Tomb, the exclamation point which tells everyone everywhere for all time that the life and death of Jesus was from God.

SPIRITUAL MEANING OF THE EXTERIOR OF THE KING'S COFFIN:²⁴

16 = SACRIFICE

68 = WORLD (4) VICTORY (17) [68 = 4 x 17]

231 = BINDING (3) of the FALSE PROPHET (77) [231 = 3 x 77]

The interior of the King's Coffin speaks of the perfection of the work of Christ, the exterior of the King's Coffin speaks of the purpose of the work of Christ.

"For God so loved the world that he gave His only begotten son, that whosoever believes in Him would not perish but have everlasting life." (John 3:16)

God made a **SACRIFICE (16)** by giving His only begotten son. The reason is that God loves the world. When salvation was accomplished, it was a **WORLD VICTORY (68)**. Our doctrine of salvation is that the offering of Christ was sufficient to save anyone in the whole world who repents and believes.

The number 231 connects the exterior of the King's Coffin to the Millennium. At the end of the Tribulation, the FALSE PROPHET (77) will be captured and punished:

"But the Beast was captured and with him the False Prophet...the two of them were thrown alive into the fiery lake of burning sulfur" (Rev 19:20,21)

The exterior of the King's Coffin is also a memorial to the victory over Satan in the Tribulation which resulted in the **BINDING [CAPTURE] OF THE FALSE PROPHET (77)** and a **WORLD WIDE VICTORY (68)**.

The meaning of the exterior dimensions of the King's Coffin proves the King's Chamber is symbolic in prophetic time of the Millennial Kingdom. The Tribulation is finished, the Kingdom of God reigns over all the Earth. This is supported by the location of the King's Chamber, which

²⁴ For the spiritual meanings of Bible numbers, please refer to www.biblenumbersforlife.com

is after the Ante Chamber, which itself is symbolic of the Tribulation (please refer to the paper discussing the Ante Chamber).

Spiritual lessons gained from the exterior of the King's Coffin:

- 1. The purpose of God in the sacrifice of Christ was to save the world**
- 2. In its spiritual sense, that sinners can be saved from personal sins when they believe**
- 3. In the literal sense, that the physical world will be liberated from Satan and sin**
- 4. This confirms that the King's Chamber is symbolic of the Millennial Kingdom**

FINAL NOTES:

Note 1 – Connection of King's Coffin to the Volume of the Earth

There is a theory²⁵ that the volume of the King's Coffin with lid when multiplied by the astronomical scalar (4.32) of the Great Pyramid is directly proportional to the volume of the Earth by a factor of 10^{20} . This is based on the assumption the height of the Coffin with lid produces an angle relative to the length of the Coffin equal to the angle of the Ascending Passage. If this theory is correct, there is final definitive evidence the Coffin is symbolic of the world. The open compartment representing the Open Tomb of Christ would complete the picture of God's love for the world.

Note 2 – Why Triangles and Triple Sums of Triangle Dimensions Cubed Are Significant

Great Pyramid measures involve a lot of triangles and cubes. A triangle has three sides in one continuous shape. This suggests the builder and architect of the Great Pyramid, Almighty God, is a trinity, a three-in-one. Since He is three persons he expresses truth in threes. This agrees with the Spiritual Number Map presentation where spiritual numbers are grouped in threes to show a higher meaning.
