

THE SUN –THE HOLY SPIRIT

THE SUN

The Sun is a yellow star set in the Milky Way galaxy, about a third of the way from the center. The centre of the Milky Way galaxy is a symbol of the throne of the Father, because all the stars orbit around it. Jesus Christ is seated on the throne of the Father (Revelations 4). In the trinity, the Holy Spirit is submitted to the Father. We will show the Sun represents the Holy Spirit.

The Holy Spirit, who is himself wholly God in all respects, is submitted in the Godhead to the Father. Jesus says “**But the Counselor, the Holy Spirit, whom the Father will send in my name, will teach you all things.**” (John 14:26). But the throne Jesus sits upon is the throne of the Father (Rev. 3:21), so the Holy Spirit is in obedience to Jesus. The role of the Holy Spirit is to convict the world of guilt in regard to sin and righteousness and judgment (John 16:8) and among the saints he brings glory to the Son of God (John 16:14). Just as the physical sun pours forth light.

The Milky Way galaxy is **100,000** light years across. The number **1,000** means “**Tribe**” and the number 100 means “**Flock of God**”. So, the Milky Way pictures all the myriads of heavenly angels (symbolized by stars) that are circling the throne (submitted) to God: “The Tribe of the Flock of God”. The distance of the Sun to the center of the Milky Way is **26,000** light years. The number **26** means “**The Gospel**”. The Sun is a symbol of the Holy Spirit, the person in the Trinity who sheds the light of the gospel of God abroad in our hearts. But the heavenly drama is not only for the benefit of man. The angels themselves are keenly interested in the revelation of God through his creation, and watch all the things which God does upon the earth, especially through the work of God in the hearts of men, turning them from evil to the good path. As we walk upon this terrestrial ball we look up, see the stars, and marvel at the wonder of God. In the same way the stars (angels) are looking down at us and marvel at the wonder of God.

The mass of the Sun is **333,000** times the mass of the Earth.² The number **333** is equal to **3 x 111**. The number **3** means “**God**” or “**Truth**” and the number **111** means “**Fear of the Lord**”. The role of the Holy Spirit is to guide us into all ‘Truth’ and to convict the world of sin, righteousness, and judgment ‘Fear of the Lord’. Just as the physical Sun brings warmth and light to the earth, the Holy Spirit sheds the light of the gospel (the good news of forgiveness of sins) abroad in our hearts. But if you reject Christ, the Sun is not your friend he is the symbol of the eternal flames of judgment.

At its equator, the Sun rotates every **25** earth days.³ The spiritual meaning of the number **25** is “**Forgiveness of Sins**”. The Sun is like a lighthouse spiritually beaming the message of forgiveness of sins to the Universe. In the same way, God is sending forth his message of forgiveness of sins to the earth by the Holy Spirit through the testimony of believers. Jesus was full of the Holy Spirit without limit. He came into our dark world to be the ‘Light of the World’. Now the Lord has risen, we are the ‘light of the world’ and the Holy Spirit shines through us.

At its surface the power of gravity of the Sun is **28** times as great as the power of gravity at the surface of the earth.⁴ The spiritual number **28** signifies “**Christ In You**”. Just as the Holy Spirit indwelt Christ and revealed to him the words of the Father (John 8:28), the Holy Spirit now dwells in believers and reveals to us the words of Christ (John 16:13).

The volume of the Sun is **1,303,533** times the volume of the earth. The number **1,303,533** is equal to **99** squared times **133**. The number **99** means “**Perfect**” or “**Shekinah Glory**” and the number **133** means

² The figure is 332.965 which we round to the nearest whole number of 333. The chances the mass of the Sun could randomly be so close to a whole number of thousands is greater than 1,000 to 1 against.

³ The figure is 24.6 earth days, which we round to the nearest whole number of 25.

⁴ The figure is 27.94, which we round to the nearest whole number of 28.

“Brotherly Love”. So, the number **1,303,533** means **“Perfect Glory is Brotherly Love”**. The Bible says **“Greater love has no one than this, that one lay down his life for his friends”** (John 15:13). This was demonstrated by Christ. Furthermore, **“God has poured out his love into our hearts by the Holy Spirit”** (Rom. 5:5). The spiritual numbers of the Sun’s physical dimensions tells us: (1) what the Holy Spirit is saying in our hearts: glory to Jesus Christ; and (2) how the Holy Spirit is filling us with the same love Christ had. Just amazing!
