

PROPHECIES OF AMOS 1 - 2

In chapter 1 and 2 of Amos there are amazing prophecies of the very last days in which we now live.

None of the prophecies have yet been fulfilled before our eyes - but we can see how close we are to those events.

First we need to sort out the prophetic identities of the nations in the prophecy of Amos 1 and 2. There isn't space here for the proof of those identities - please read our papers on Page 4 PROPHECY if you need that:
