

1ST ERA (2500 – 2451 BC): 1ST SIGN VIRGO “SEED OF THE WOMAN”**STAR PROPHECY**

Hebrew name for the sign is **Bethulah**: “Virgin”.
The picture is a woman holding a tree branch (*pointed up*) in her right hand and a sheaf of wheat (*pointed down*) in her left hand.

Spica in left hand: “The Branch”.

Zavijava in left shoulder: “Gloriously Beautiful”

Vindemiatrix right hand: “Branch who Comes”.

Subilon: “Ear of Wheat”; **Subilah**: “Who Carries”.

Ham had received Africa; **Shem** the Fertile Crescent; **Japheth** the regions beyond. When **Nimrod** invaded Mesopotamia Shemites fled to the hills. But Shemites returned to Babel and joined with Hamites in building the Tower.

“The whole earth had one language and one speech... and they said ‘Come let us build a city and a tower whose top reaches to heaven, let us make a name for ourselves... But the LORD came down to see... and said ‘this is what they begin to do, now nothing they propose will be withheld from them. Come let us go down and confuse their language... so the LORD scattered them over the face of all the earth... the city ceased.’”

HISTORICAL EVENTS

Here is the lesson of **Virgo**: the sign is not about the woman it is about the “Promised Seed”. The virgin is just a ‘sign’ of a Christophany on earth.

It is fitting the destruction of Babel occurs under the sign Virgo because the Bible says “**The LORD came down**”. When Jesus was born of Mary he left the throne of the Universe and incarnated: to usher in the Millennium Kingdom of God; but if his people would reject him, then they call fire down on their heads.

The Lord came down & He found Shemites complicit with Hamites in building a Messiah-rejecting city, whose priesthood and elites are elevated like angels! And who purpose is to erase the knowledge of God.

2499 BC **Eber** (son of **Shelah**) is born

2494-2392 Egypt built the last four pyramids of the Old Kingdom: (*smaller & poorer quality than at Giza*).

2465 BC **Peleg** and **Joctan** (sons of **Eber**) are born

2460 BC Tower of Babel is built.

2453 BC Tower of Babel falls!
