

## 16TH ERA (1750 – 1701 BC): 16TH SIGN BIG DONKEY “GENTILE BEAST LED BY TAIL”

### STAR PROPHECY

It looks like a **Big Donkey**! And it is a big sign – the third largest. It is located high up in the Northern sky, visible all year above the equator.

The stars in the chest, neck, and head form the Big Dipper. The neck is the will, the head is the mind, and the chest is the heart. This flock’s heart, mind, and soul is joined to their leader!

**Mizar** “Small” **Alcor** “Lamb” **Alkaid** “Assembled”

**Dubhe** “Flock” or “Herd”; **Merak** “Flock”

**Dubhe & Merak** are on a line that points to the **Pole Star**; the Big Donkey travels around and around the Pole Star but never arrives there.

Looking up from Earth at the **Pole Star**, stars rotate counter-clockwise. The Big Donkey is walking backwards! Huge beast led by the tail!

The **Pole Star** is **Jesus Christ**. The **Big Donkey** [*righteous Gentile nations*] follow a leader with heart, mind, soul; but the leader is not Lord Jesus. The leader (*Gentile Ruler*) follows the Tail (*Religious Ruler*): the result is walking backwards!

### HISTORICAL EVENTS

The Amorites were a warlike Canaanite tribe: the former allies of Abraham. They settled in **Babylon** as foreigners: their native land was in Palestine. During the preceding era, the Amorite King Hammurabi (famous Lawgiver) took power in **Babylon** and by war gained power over the entire Fertile Crescent.

But in this era the Akkadians rebelled against their Amorite over-lords. Taking advantage of the weak successor to **Hammurabi** they regained control of **Assyria** then pushed **Babylon** back to its borders.

The **Big Donkey** represents the Gentile nations. To the local people, the **Big Donkey** was walking backwards under the rule of foreigners who followed different gods and laws: i.e. led by the **Tail**.

1740 BC **Puzur-Sin** rebels against the Amorite ruler King **Mut-Ashkur** in Assyria

1735 BC King **Adasi** seizes power in Assyria

1712 BC King **Samsu-Iluna** of Babylon dies.

Amorites persisted in **Babylon** but the Amorite royal dynasty was brief.
