

## AD 19TH ERA (901 – 950 AD): 19TH SIGN CRATER “DRINK THE CUP: IDOLATRY JUDGED”

### STAR PROPHECY

**Crater** is a small constellation, a decan of **Leo** “Defender of Poor”, located on the back of the snake **Hydra** “Pagan Princess: Harlot”.

The **Cup** has tilted as if the contents are poured out upon the snake **Hydra**.

Star **Alkes**: “The Cup” (Is this where we get our word ‘Alchemy’?)

In the Babylonian system **Crater** was a death symbol and marked a gate to the netherworld.

The star **Alkes** in **Crater** is itself dying: at the end of its star life: much of the hydrogen has been burned up. **Alkes** has expanded and become more luminous than before. A flame out!

The same is true for **Delta Crateris**: a star at the end of its life, expanded to a huge volume and with a much brighter than normal luminosity.

**Crater** is a pagan idolatry worship cup and the association is with Sorcery and Divination. It also symbolizes the terrible end of those who use it.
