

AD 35TH ERA (1701 – 1750 AD): 35TH SIGN AURIGA “HIGH PRIEST TETHERS THE GOATS”

STAR PROPHECY

The constellation of **Auriga** sits above the ecliptic, in the ‘The Land’ part of the sky, or the dwelling of the righteous.

The brightest star (1st magnitude) is **Alioth** (Hebrew) “She-Goat” also known as **Capella** (Latin). Another bright star (1st magnitude) is **Menkilion** “Chain of the Goats”. This describes a flock of goats tethered to their master.

The five bright stars in **Auriga** form a circle, or goat pen. Other stars: **Maaz** “Flock of Goats”, **Gedi** “Kid Goats”, and **Aiyuk** “Wounded” (in foot of Goatherd).

In Biblical typology ‘goats’ are Jews. But what is a Jew? Canaanites who passionately resisted God! Think of ‘goats’ as people of an historic Biblical faith who have forsaken those beliefs and adopted worldly ways with a smattering of festivals and traditions. What was heart faith has debased into merely a cultural distinctive.

It was to the ‘goats’, educated & worldly living, that revival preachers set out to reach.
