

AD 7TH ERA (301 – 350 AD): 7TH SIGN PISCES “GENTILE BELIEVERS SNARED”

STAR PROPHECY

The Hebrew name for the star sign is **Dagim**, “The Fishes”. It can also be translated “The Multitudes”.

The two fish in **Pisces** are at each end of **The Band** connected to the single star **Alrescha** “The Bridle”.

The Band connecting the two fish in **Pisces** is a separate star sign. The North Fish has a star with the name: **Al Samaca** “The Upheld” and the (lower) West Fish has a star with the name: **Okda** “The United”.

No bright stars are present. This suggests the star name meanings are less important than other factors, such as position.

Pisces is located on the path of the Sun, but mostly above the ecliptic in the “Land” portion of the heavens. We are looking at fish on land!

The “Land” is where there is faith in God. Fish are normally in the Sea where there is little faith in God. So: **Pisces** speaks of Gentiles (pagan backgrounds) who have found faith in God.
