

33RD ERA (900 – 851 BC): 33RD SIGN COMA “DREAMS OF PARADISE COME TRUE”**STAR PROPHECY****HISTORICAL EVENTS**

The picture is of a male child on the knee of a woman. Sometimes the woman is pictured on a throne. **Coma** is a decan of **Virgo** “Seed of Woman” which alludes to promised Messiah.

Coma in Hebrew means “The Desired”. The Egyptian name was “The Desired Son”.

(The Greek word for hair sounds like Coma and that is how the name of the sign was wrongly changed to the ‘Hair of Berenice’.)

The Hebrew name for the child of **Coma** is **Yeshua**, or “Jesus”.

There are no bright stars in **Coma** but there are many star clusters and distant galaxies.

In **Coma** there are not the usual dozen stars, but thousands of galaxies of stars!

In a secular context, **Coma** may be taken to symbolize the realization of long held hopes and dreams; of which prior generations had only the barest of glimpses: just as the Abrahamic faiths hope for a millennium of peace under Messiah.

Miraculously: the Shunemmite woman received her promised son back from the dead (2 Kings 4)

Miraculously: a child becomes King of Judah! He even appeared to rise from the dead (*it was thought he had perished in **Athaliah**’s murderous plot*). **Joash** brought great reforms: he repaired the temple.
