

47TH ERA (200 – 151 BC): 47TH SIGN CENTAURUS “DESPISED ONE FALLS IN BATTLE”**STAR PROPHECY****HISTORICAL EVENTS**

Hebrew name of this sign is “The Despised One”.

The picture is a dual natured Centaur with the torso of a man connected to the body of a horse. Centaur has a spear pointing in the direction of the sign Victima “Body of Messiah Broken”.

Stars: **Alpha Centauri** or **Toliman** (front knee of the horse) “The Heretofore and the Hereafter”.

This sign tells a story of a rejected but glorious person who is responsible for spearing **Victima**.

Toliman is located the furthest South in the sky of any star. This star of all the stars is most rejected from the eyes of men: a fallen star.

Toliman is the 3rd brightest star in the sky. The star **Hadar** (other foreleg) means “Magnificent”.

We propose **Alexander the Great** is Centaurus. A man so devoted to war ‘he couldn’t get off his horse’. A great star in his time, he came to be despised: his army mutinied from him. His generals wasted his Empire in senseless internecine wars. Jews in particular despised him for imposing Greek culture and temples.

Alexander the Great and the generals who carved up his Empire after him did their best to ‘spear the body of Messiah’: to eliminate Jewish culture and worship by forcefully imposing Greek culture and polytheism. This tactic back-fired. Greek culture and religion became utterly despised. Jews revolted & kept their culture. The remnant Greek Empire fell to Rome.
